

“DDL” (Data Downloader) Kit Part Number #400951

This convenient package allows for the transfer of data from your EZ Indicator to your PC. The Data Transfer Utility (DTU) software is installed on your PC to allow you to read the data from the DDL module. You can select several different CSV (comma separated value) formats to display your information – (see the back sheet for samples). The DTU allows you to import this information to your spreadsheet or database:*

- ⇒ **Durable, weather proof enclosure**
- ⇒ **Easy and accurate transfer of data between the indicator and PC**
- ⇒ **64k of storage**
- ⇒ **Compatible with Windows® 98 and 2000, XP and Vista**
- ⇒ **Compatible with all OMP and EZ indicators with serial ports**
- ⇒ **Compatible with all EZ foreign language formats**
- ⇒ **No serviceable parts**
- ⇒ **No batteries to wear out**

**Eliminates the need
for an outside printer:**

Print example: "*,NEW EZ, 1000, 0,NE, 16090,LB, , ,CORN-1, 2, 3, , 9:36P,27JA00,"

Feature ~ DDL (Data Down Loader) Kit #400951

PC Operating Systems	Windows® 98/2000, XP and Vista
Support Foreign Languages	Yes
Storage Capacity (Number of 40 character lines)	1600 (64K bytes)
Supports Bi-Directional communications	Yes
Port connection	J904 / J905
Computer port	Serial

View, Print and Save Ability

For EZ 150/210/320 ~ Yes: Printer format only
 For EZ 2000/V ~ Yes: Printer format only
 For EZ 3200 ~ Yes: Printer format only
 For EZ 3500 ~ Yes: Both Text & CSV*

Save function

For EZ 150/210/320 ~ Yes: Printer format only
 For EZ 2000/V ~ Yes: Both text & CSV*
 For EZ 3200 ~ Yes: Both text & CSV*
 For EZ 3500 ~ Yes: Both Printer Format & CSV*

*Note: CSV format available only with EZII and EZIII 1.C software or newer version

Product Structure ~ DDL Kit #400951

- ★ 1 of #400851 Interface Cable
- ★ 1 of #400950 DDL Module
- ★ 1 of #400619 Data Utility Software
- ★ 1 of #403085 Cable, Module
- ★ 1 of D3564 Manual DDL
